

# Home Loan Process Simplified...

Complete our Application to get started! Our loan officer will contact you to find the best rate for your loan.

Contact us to find out if you qualify for reduced closing costs, lower rate! Get Pre-Qualified Now!

Your lender will get started gathering all your documents and signatures - it is best to be available and prompt with responses.

We will then submit your information to our Underwriter who will determine what is needed to qualify for the loan.

The Underwriter will ask for more information based on your unique specifications. This can take some time, remember to be patient.

In the meantime, we are ordering your Appraisal, Title Work, Homeowner's Insurance, and Eligibility forms.

After the docs are reviewed and approved, it's now time to close on the loan!
